

If we are to record our stations 24/7, it will be yet another case where the big markets sins are paid for by the small markets. We don't allow vulgar material on our airwaves - our community would not tolerate it. Howard Stern couldn't work in a small market..nobody would hire him! We do not have the money or the people (we've got 8 full-time employees) to undertake this ridiculous 'answer' to filth on the air in the major markets. Make the guys with the millions pay, not the guys with the hundreds/maybe thousands. We don't have to record to know if someone's said something inappropriate - one of my golfing buddies or his wife or their kids, or uncle, or aunt, or grandma's dog - would let me & everyone else at the station know about it! Deal with the bad guys, don't hurt the little guys.
